

## Make My Day

Words & Music: Inga Rumpf /Niko Müller  
Publisher: LVG

Make my day, make my night  
Do it good do it right  
Stay with me and keep me warm

Let the stars shine bright  
Give my dreams delight  
Let me know when a saint is born

When I get up I don't worry  
I'll be on my way  
Never too late to feel sorry  
Time enough to say:

Make my day - make my night  
Do it good - do it right  
Stay with me - all the way  
You'll make my day

Help me up help me down  
Give a cross give a crown  
Let me take and let me give

Let me sing my song  
Make me smooth and strong  
Make me happy let me live

When I get up I will hurry  
I'll be on my way  
Wanna see the newborn glory  
Hear the angels pray

Make my day - make my night  
Do it good - do it right  
Stay with me - all the way  
You'll make my day

Stay with me - all the way  
You'll make my day - oh - yeah - come on Lord – don't leave me
