

Slow Motion

Words & Music: Inga Rumpf

Slow food, slow songs, slow motion
Long drinks, long nights, summer haze
No rush, no sweat, no hurry
We can leave all that to colder days

Come on, baby, let's take a bike
We won't go far
Into the sunset we can ride
And stop in a bar
And when the stars come out
You're my Romeo
We'll make love
Nice and slow

Slow food, slow songs, slow motion
Long drinks, long nights, summer haze
No rush, no sweat, no hurry
We can leave all that to colder days

In this summer heat
I put on a new dress
You looked at me so tenderly
Like sometimes in the past
The sun is shining bright
Come on, let's find some shade
Then I'll be your
Slow-motion-Juliet

No rush, no sweat, no hurry
We can leave all that to colder days
Yeah, we can leave all that to colder days
