

## **Tried To Climb The Mountain**

Words & Music: Askew/Marz

Publisher: Breeze Music

Tried to climb the mountain  
But the mountain was too high  
I was looking for a rainbow in the sky  
I've had my share of blues  
While missing your sweet love

And I just can't wait, no, I just can't wait  
No, I just can't wait to get your love

We used to spend most of our time  
By making up plans then changing our minds  
Like the changing tide  
Time was on our side  
That was the first time in my life

I knew what to do - then throw it away  
Like a used-up toy  
'Cause you hurt my pride

Tried to cross the river  
But the water was so deep  
Looking for a bridge to cross in time  
I've had my share of blues
